Candidate: Chris Duffield

Office Running for: Montgomery Township Supervisor

Candidate Summary: I am a lifelong resident of Montgomery township, where I reside with my family on our small farm. I have owned businesses and continue to operate a full time business within our township. I have been called upon a few times over the years to serve with local organizations within our community providing input and keeping things on track legally, financially and ethically. I am familiar with the good and bad of our community as well as the need to preserve the great way of life here and maintain it's natural beauty. Since I was a teenager I could see the important role of the leaders from within the community that understood the struggles and need to preserve what we have here. Even then I knew that if I was called upon to ever run for supervisor I would to do my part for our township. Although the issues from then until now have changed the need for leadership has not. Over the last few years I have received encouragement to run for supervisor and after much thought and discussion have decided it is time. I would not be seeking a "working" supervisor position and maintain my current endeavors for if nothing else to maintain a view from the public's perspective. So as the May 16 election rolls around I ask for your support on election day to keep Montgomery Township wonderful and leave it better than we found it for the generations to come.
