2016-present serve as part time staff in various departments I also served for 12 years as the President of the Tuscarora Education Association. I have spent 52 years working in education and I have a real passion for helping young people grow into strong community members. To me education is the key to success as an individual, a community and the world. When students are encouraged to learn and think for themselves we all benefit as they take their place in our community. I understand concerns about the financial burden that is placed on property owners and will make every effort to be a good Steward of district monies while making sure that our students have the best possible advantages for success. My dedication to education is something that I learned from my dad. He served as President of the Tuscarora School Board for 16 years, so I am fairly well acquainted with how the board operates and the immense responsibility that they assume.
